MINUTES OF THE MARYLAND STATE BOARD OF EDUCATION

Tuesday
May 20, 2014

Maryland State Board of Education
200 W. Baltimore Street
Baltimore, Maryland 21201

The Maryland State Board of Education met in regular session on Tuesday, May 20, 2014 at 8:45 a.m. at the Nancy S. Grasmick State Education Building. The following members were in attendance: Dr. Charlene M. Dukes, President; Mr. James H. DeGraffenreidt, Jr.; Ms. Linda Eberhart; Mr. Christian Hodges; Ms. Luisa Montero-Diaz; Mr. Sayed Naved; Mrs. Madhu Sidhu; Mr. Guffrie M. Smith; Donna Hill Staton, Esq.; and Dr. Lillian M. Lowery, State Superintendent of Schools. Dr. Mary Kay Finan, Dr. S. James Gates, Jr. and Mr. Larry Giammo were absent.

Elizabeth Kameen, Esq., Assistant Attorney General, and the following staff members were also present: Ms. Kristi Michel, Deputy State Superintendent for Finance and Administration; Dr. Jack Smith, Deputy State Superintendent for Teaching and Learning; Mr. Anthony South, Executive Director, Office of the State Board; and Penelope Thornton Talley, Esq., Deputy State Superintendent for School Effectiveness

CONSENT AGENDA

Upon motion by Mr. Smith, seconded by Ms. Staton, the Board approved the Consent Agenda as follows: (In Favor – 8; Mr. DeGraffenreidt has not yet arrived)

- Approval of Minutes of April 22, 2014
- Personnel (copy attached to these minutes)
- Budget adjustments for April, 2014

PSTEB PROPOSED AMENDMENTS TO CERTIFICATION REGULATIONS

Dr. Lowery introduced Jean Satterfield, Assistant State Superintendent, Division of Educator Effectiveness, to brief the Board on two Professional Standards and Teacher Education Board (PSTEB) initiated actions: COMAR 13A.12.02.23 Teachers/Visually Impaired and COMAR 13A.12.02.29 Instructional Leader.

Ms. Satterfield reported that comments received in response to the publication of the proposed changes to COMAR 13A.12.02.23 Teachers/Visually Impaired were very helpful and that the community is pleased with the changes.

In response to a concern expressed by Ms. Eberhart, Ms. Satterfield assured her that the test meets the standards of the National Federation of the Blind.
Upon motion by Ms. Diaz, seconded by Ms. Staton, and with unanimous agreement, the Board approved COMAR 13A.12.02.23 Teachers/Visually Impaired, as amended. (In Favor – 9)

Upon motion by Mr. Smith, seconded by Ms. Diaz, and with unanimous agreement, the Board approved COMAR 13A.12.02.29, Instructional Leader, as amended. (In Favor – 9)

REGULATORY REVIEW

The Superintendent invited Tony South to brief the Board on the results of the review of the first six Subtitles of Title 13A Code of Maryland Regulations (COMAR). She requested approval of all recommendations of proposed actions related to the regulations that were the subject of this review and authorization to incorporate theses actions into the Final Report of the Regulatory Review to be submitted to the Administrative, Executive, and Legislative Review (AELR) Committee on or before June 30, 2014.

Mr. South reported that the Review is a state mandate and must be completed every eight years. He stated that a review of the first six Subtitles of COMAR was conducted by professional staff and then a stakeholder group. He reported that public comments were received over five months and that a Stakeholder Review Committee had assisted in the review. He noted that 45 chapters were reviewed and 29 were in need of amendment and four chapters in need of repeal.

In response to a request by Ms. Eberhart, Dr. Dukes said that the Board can have a thorough discussion at a future meeting around the Maintenance of Effort (MOE) issue.

Mr. DeGraffenreidt said that the Board had detailed defects of the then existing MOE statute and that this defects had been addressed in legislation that was enacted in 2012. He agreed that the issue should be revisited although the legislature solved many of the problems related to MOE and questioned whether there are new arguments to be discussed. Ms. Eberhart noted the need to discuss programs in technology education such as computer coding.

Mr. South reported that the exact language of the required amendments was not proposed at this time and that the Department works with local education agencies (LEAs) in shaping these details.

Ms. Staton suggested a deeper dive into why so few regulations are being repealed.

Dr. Dukes again suggested an extensive discussion into the regulations to make changes and/or to do a complete overhaul. She said, “The Board can set up procedures to undertake a deeper review.” Dr. Lowery said, “The scope of this review was relatively narrow.”

Ms. Diaz noted that even though the GED program has moved to another Department, there is still interest in Adult Education Programs.

Upon motion by Ms. Eberhart, seconded by Mr. DeGraffenreidt, and with unanimous agreement, the Board approved all recommendations of proposed actions related to the regulations that were the subject of this review and authorization to incorporate theses actions into the Final Report of
the Regulatory Review to be submitted to the AELR Committee on or before June 30, 2014. (In Favor – 9)

FINANCIAL LITERACY ANNUAL UPDATE

The Superintendent introduced Dr. Lynne Gilli, Program Manager, Career and Technology Instructional Branch, Division of Career and College Readiness, to provide an update on efforts to infuse financial literacy education throughout the curriculum.

Dr. Gilli introduced Marquita Friday, Lead Specialist in Career and Technology Education and Luke Rhine, Specialist in Career and Technology Education. She discussed the history of financial literacy education (FLE) in Maryland and shared the six standards for the FLE state curriculum.

Dr. Gilli provided the Board with the report titled: MSDE’s Implementation of Personal Financial Literacy Education 2nd Annual Update which provides information on funding/grants, state and local needs, data and descriptions of program implementation at the elementary, middle and high school levels.

She reported that every local education agency offers instruction in FLE across the learning levels from grades three through twelve. She reported that professional development for teachers is provided through face-to-face and online formats.

Dr. Gilli reported that the Department has partnered with several non-profit and private organizations as well as public agencies, such as the Maryland Higher Education Commission to provide technical assistance and professional development to school systems. She also discussed a Race To The Top (RTTT) Project to develop an online course in personal financial literacy education for high school students and a Junior Achievement – Build Your Future APP to use with students. Dr. Gilli discussed other initiatives including the MSDE Financial Literacy Website, Financial Education and Capability Awards and a new logo and slogan for FLE.

Mr. DeGraffenriedt said, “I am pleased to see how much progress we have made over the years. To what extent are we explicitly learning from history?” Dr. Gilli said that efforts have been to teach students to develop dispositions that inform good decision-making rather than focusing solely on content knowledge. Mr. Rhine added that the focus is to change student behavior so they make more informed decisions.

In response to a question by Ms. Sidhu about assessments, Dr. Gilli said that both formative and summative assessments are conducted, but memorizing content is not as important as demonstrating sound financial behaviors that can be better exhibited through a portfolio.

Mr. Smith said, “Your report is great. It fosters a disciplinary approach to learning. This is very practical. I applaud you on this.”
In response to a question by Dr. Dukes regarding the *FLE 2nd Annual Update*, Dr. Gilli said that the report was distributed to the Governor and the legislature and received very positive responses.

Mr. DeGraffenreidt discussed financial literacy legislation and Dr. Gilli said that there was only one sponsor for each of the Senate and House bills in 2014 that called for FLE as a graduation requirement (SB1007 – Senator Klausmeier and HB 1429 – Delegate Jay Walker). Mr. DeGraffenreidt said, “I think we should be attentive to the possibility that it is not done yet.”

**MARYLAND ASSOCIATION OF STUDENT COUNCILS (MASC) UPDATE**

Dr. Lowery introduced Vanessa Diggs, Director of the Youth Development Branch; Lance Ledebur, Student Leadership and Outreach Programs; and Devan Ogbum, MASC President, to brief the Board on the activities of MASC.

Ms. Ogbum thanked MSDE staff, Dr. Lowery and Christian Hodges for their support of the MASC and expressed her gratitude for the excellent support provided by Mr. Ledebur. She reported that the MASC training has expanded with the assistance of outside organizations. Ms. Ogbum noted that the student member of the Anne Arundel County Board of Education is the only local board student member to have full voting rights. Ms. Ogbum reported that the MASC has conducted many service projects and contributed to many charities. She said that overall membership has declined and that the organization has set a goal to increase those numbers. She reported that the MASC has created a new website and introduced the following officers for the 2014-2015 school year:

- President: Kara Ritterpursch, Anne Arundel County
- First Vice President: Ciera Albrittain, Charles County
- Treasure: Phoenix Do, Washington County
- Second Vice President: Cole Smith, Charles County

Mr. Hodges thanked the presenters and said, “This experience has defined my high school experience.”

Ms. Staton said, “I am impressed with the students on the Board and those who present. We need to be mindful of the ability to communicate and organize.” In response to a question by Ms. Staton, Ms. Ogbum said that students do not receive high school credits for their participation as MASC leaders.

Mr. Smith said, “You mentor so many other youth. You...make us listen -- that is key.”

In response to a question by Dr. Dukes, Ms. Ritterpursch said that workshops train students to communicate clearly and provide the means to increase courage and determination to help them grow. Dr. Dukes thanked the presenters and congratulated the MASC leadership.
RACE TO THE TOP (RTTT) UPDATE

The Superintendent asked Penelope Thornton Talley to provide an update on the progress of RTTT projects.

Ms. Tally invited Mary Gable, Assistant State Superintendent, Division of Academic Policy and Innovation, and Dr. Janet Wilson, Superintendent, Garrett County Public Schools (GCPS), to provide an update on the various projects. She reported that approximately half of the amendments submitted have been approved by the U.S. Department of Education (USDE) and that it is anticipated that the vast majority will be approved in the near future. She noted that onsite visits to LEAs are being conducted by MSDE staff to monitor the activities of the RTTT projects.

Ms. Gable introduced Zach Mangold, RTTT Project Manager, to brief the Board on an LEA technology grant to provide infrastructure for data systems in LEAs.

Mr. Mangold talked briefly about the updating of technology for student learning. He said that staff worked closely with representatives of the GCPS and asked Dr. Wilson to tell the Board about the impact of the RTTT technology grant on her employees and students.

Dr. Wilson discussed the unique demographics of Garrett County explaining that when she was appointed Superintendent in Garrett County there was a broad band initiative but that the infrastructure was not in place. She said, “We have made remarkable progress” noting that all schools are now 100 percent wireless. Dr. Wilson discussed the outcomes of the State/LEA teamwork and provided laudatory quotes from staff and students on the technological advances made. Dr. Wilson reported that the school system is now able to offer Advanced Placement (AP) Courses to students through Telepresence when a teacher is not available.

Ms. Staton asked Dr. Wilson if they are considering providing virtual entrepreneurshipships to students. Dr. Wilson said, “We have to help students see over the wall. We can bring professionals to our classrooms. This is the excitement about where we are now.”

In response to a question by Mr. DeGraffenreidt, Mr. Mangold said that he doesn’t have the cost figures for the installation of Telepresence at this time.

Mr. DeGraffenreidt asked about the cost effectiveness of the program beyond that of offering AP courses. Dr. Wilson said that it has allowed them to limit teacher travel between schools and has allowed initiatives between GCPS and a college in West Virginia and that it has allowed students to be involved in STEM initiatives. She said, “it’s boundless.”

In response to question by Mr. DeGraffenreidt, Ms. Talley reported that more than half of the projects will be completed by the end of the fourth year of RTTT. She reported that some of the critical projects, such as dashboards and multi-media, have recently received approval.

In response to another question by Mr. DeGraffenreidt, Ms. Talley said that of the twenty-one no-cost extension requests, none are expected to be denied. He also asked about what quality assurances are in place. Ms. Talley said that staff is continuing to revamp projects and that
monthly meetings are held with Project Managers to monitor project success. She also reported that staff is finalizing a sustainability plan to determine which projects will need additional funding. Ms. Talley assured the Board that the Governor has invested in sustainability and explained that a staff member is assigned to monitor the LEAs to assure their ability to sustain their projects.

In response to another question by Mr. DeGraffenreidt, Ms. Gable said that response from the USDE should be forthcoming by the end of this month. Mr. DeGraffenreidt asked if the USDE realizes the problems they cause by their slow response to amendment requests. Dr. Lowery said that she discussed this with staff at the USDE and they assured her that they will be moving in a more timely manner.

In response to a question by Ms. Sidhu about PARCC testing in schools this year, Dr. Henry Johnson, Assistant State Superintendent, Division of Curriculum, Assessment and Accountability, said the testing has gone very well.

STATE SUPERINTENDENT’S REPORT

Dr. Lowery asked Dr. Smith to provide a report on the meetings held to discuss reauthorization of Teacher and Principal Evaluation Regulations. She reported that five Regional Stakeholder Meetings were held across the State to gather suggestions and concerns on the Regulations. She thanked Board members who attended the meetings.

Dr. Smith provided a PowerPoint presentation which summarized the presentations made and the input received by the stakeholders. He also provided information on how schools in Maryland would fare under the No Child Left Behind (NCLB) Act if the Regulations were not reauthorized. As of June 2013 all but 145 of Maryland’s 1375 schools would be in some phase of the State School Improvement Process if the United States Department of Education had not provided the ESEA Flexibility Waiver process in the spring of 2011. Dr. Smith said that staff will continue to gather comments and will work with the Board to construct State regulations.

Mr. DeGraffenreidt emphasized the importance of the flexibility when he indicated that Maryland is not only working to avoid returning to AYP, but because we understand that this is the better course of action for our students. With the Flexibility Waiver, Maryland is measuring student growth from multiple baselines for each school rather than from the arbitrary benchmarks established by AYP.

Dr. Lowery said, “This is a transition. We do need to step back and gather more information. We won’t use the state assessments until 2016-2017…getting this right.”

In response to a question by Ms. Eberhart, Dr. Smith said that it was the Board’s decision to set a time limit on the Regulations. He said, “Most regulations do not have timelines.” Ms. Kameen said, “The statute didn’t change. There is no sunset on this law.”

Mr. DeGraffenreidt said, “This Board can repeal regulations. It should be more concerned with the substance of the regulations.”
Dr. Dukes thanked the presenters.

PUBLIC COMMENT

Dr. Dukes explained procedures by which the Board hears public comments. The following individual provided public comments:

- Janice Wright – Special education concerns

EXECUTIVE SESSION

Pursuant to §10-503(a)(1)(i) & (iii) and §10-508(a)(1) & (7) of the State Government Article, Annotated Code of Maryland, and upon motion by Mr. Smith, seconded by Mr. Hodges, and with unanimous agreement, the Maryland State Board of Education met in closed session on Tuesday, May 20, 2014, in Conference Room 1, 8th floor, at the Nancy S. Grasmick State Education Building. All board members were present except Dr. Mary Kay Finan, Professor James Gates, and Larry Gianno. In attendance were Dr. Lillian Lowery, State Superintendent of Schools; Kristy Michel, Chief Operating Officer; Dr. Jack Smith, Chief Academic Officer; Penelope Thornton Talley, Esquire, Chief Performance Officer; John White, Chief of Staff; and Tony South, Executive Director, Office of the State Board. Assistant Attorneys General, Elizabeth M. Kameen, Jackie La Fiandra, and Derek Simmonsen, were also present. The Executive Session commenced at 10:45 a.m. (In favor – 9)

• Stanislav and Irina P. v. Montgomery County Board of Education – denial of admission to Center Program – Opin. No. 14-31

The Board deliberated one case. It will be published at a later date.

• Deborah Prince v. Baltimore City Board of School Commissioners – teacher termination

Ms. Kameen explained that she included a memo on the commensurate funding formula for charter schools in the Board mailing for information purposes.

Internal Board Management

Mr. DeGraffenreidt reported that the status of recruitment for Baltimore City Board of School Commissioners was still in question.

State Board members agreed to representation on three tasks forces/study groups: (1) Task Force to Study How to Improve Student Achievement in Middle School – Linda Eberhart; (2) Task Force to Study Sports Injuries in High School Female Athletes – Donna Hill Staton; (3) Safe and Healthy School Hours – Larry Giammo.

The Board nominated Mrs. Sidhu to run for Area Director of the National Association of State Boards of Education (NASBE). They agreed to nominate Mr. DeGraffenreidt for a NASBE Distinguished Service Award. The also agreed to nominate Open Society Institute-Baltimore for the NASBE Friend of Education Award.

The session ended at 11:20 a.m.

RECONVENE

The meeting reconvened at 11:25 a.m.

MARYLAND TEACHERS OF THE YEAR

The Superintendent introduced the 2014 local Teachers of the Year (TOY). She said, “Maryland’s program has been lauded across the country” and noted that the Maryland TOY was selected as the National TOY. She reported that she created a Teacher Leader Council to glean input from these extraordinary teachers. She introduced Dr. Darla Strouse, Executive Director, Partnerships and Development, to introduce each teacher and present background information.

Dr. Strouse announced that there would be a Teacher of the Year Gala on October 10th. She introduced each teacher, presented a plaque and photos were taken.

Dr. Dukes announced that the Board would be attending a luncheon in honor of the teachers. She congratulated them for all that they have done for the children and the State of Maryland.
Dr. Lowery thanked the teachers and said, "You are why Maryland is nationally known for public education."
