

My Rainforest Journal

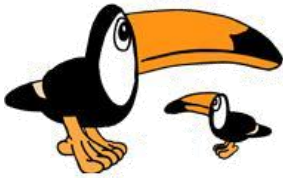

Forest Floor

It's sunny.

It's not sunny

There are animals.

There aren't any animals.

There are plants.

There aren't any plants.

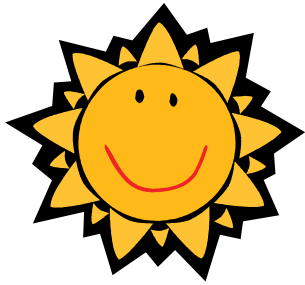

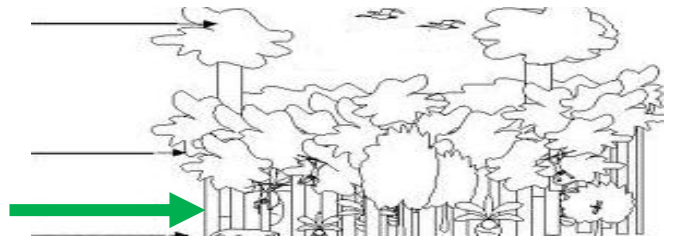

It rains

It doesn't rain.

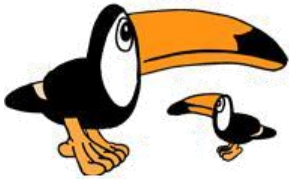

Understory

It's sunny.

It's not sunny

There are animals.

There aren't any animals...

There are plants

There aren't any plants.

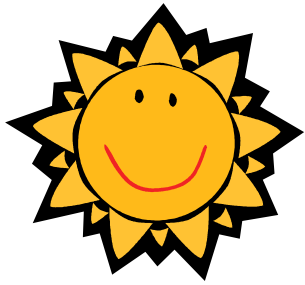

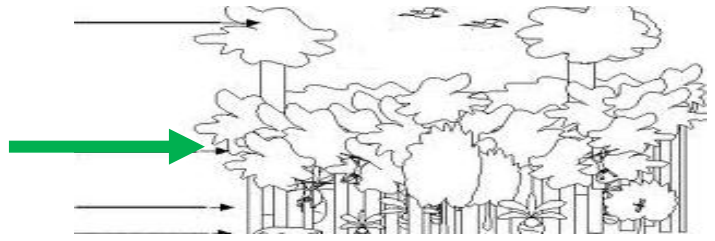

It rains

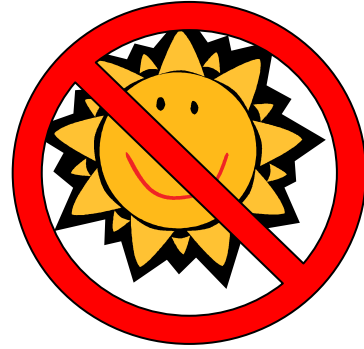

It doesn't rain.

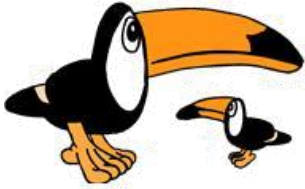

Canopy

It's sunny.

It's not sunny

There are animals.

There aren't any animals.

There are plants.

There aren't any plants.

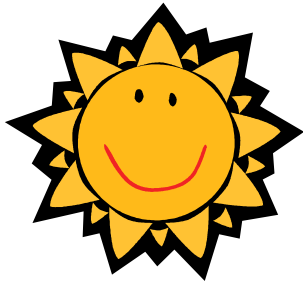

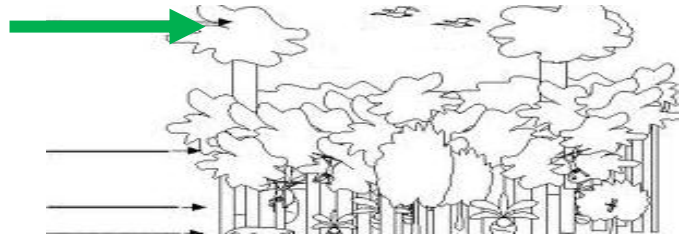

It rains.

It doesn't rain.

Emergent Layer

It's sunny.

It's not sunny

There are animals.

There aren't any animals.

There are plants.

There aren't any plants.

It rains

It doesn't rain.

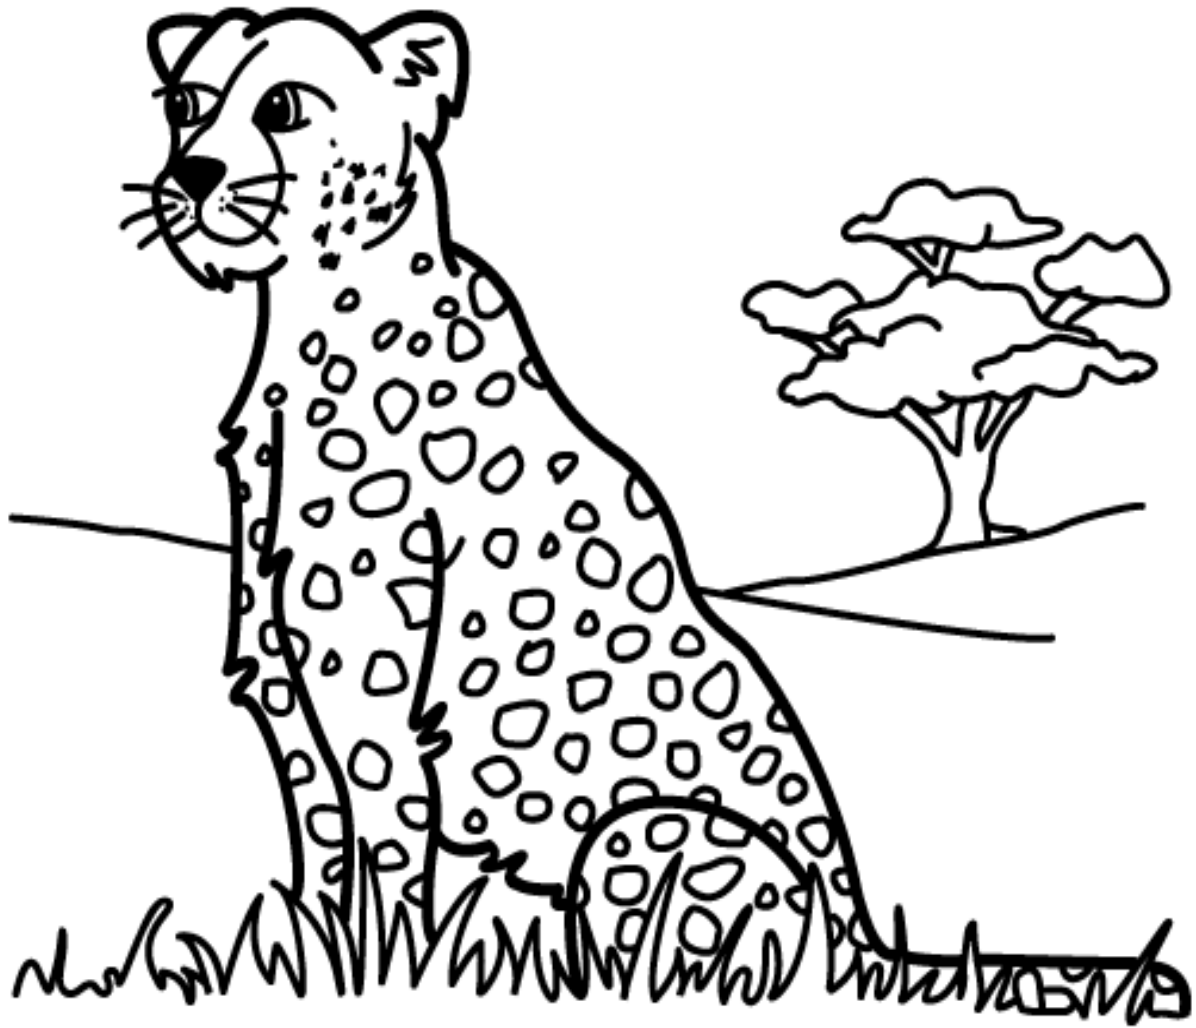

Who lives in the emergent layer?

Parrot

Who lives on the forest floor?

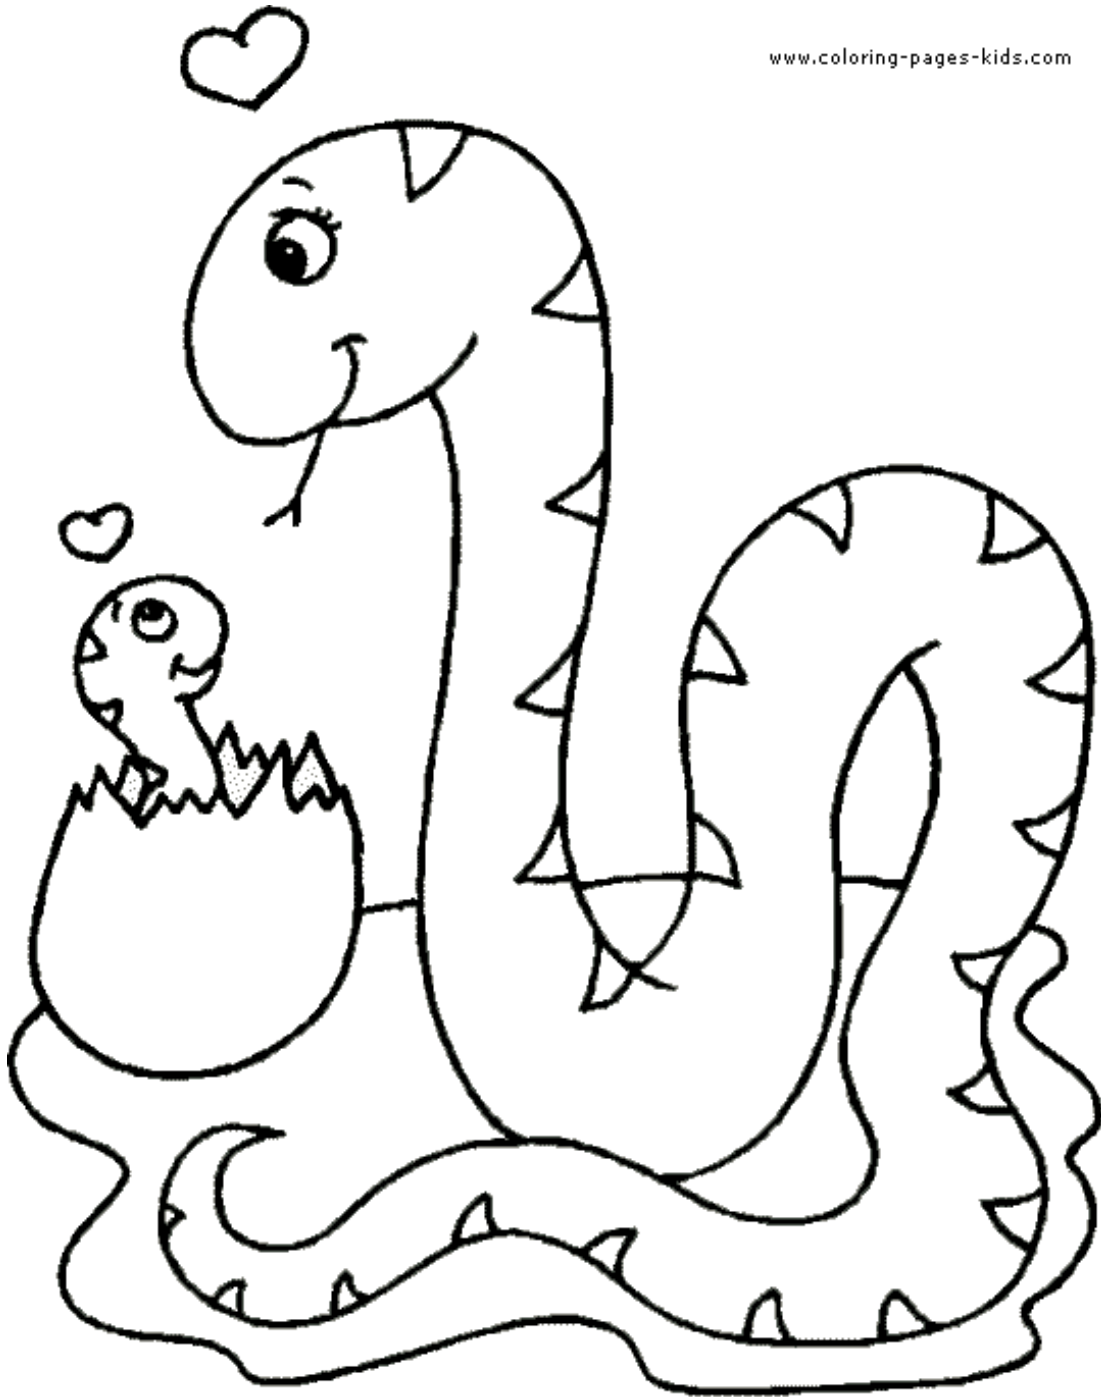

Leopard

Who lives in the understory?

www.coloring-pages-kids.com

Snake

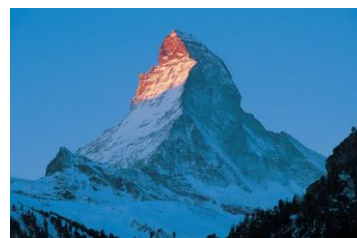

Who lives in the canopy?

Monkey

Now draw you own animal.

Draw a line to show where it lives.

Good job!
