RECONVENE

The meeting reconvened at 2:30 p.m.

2012 HIGH SCHOOL ASSESSMENT AND GRADUATION RESULTS

The Superintendent introduced Dr. Carolyn Wood, Assistant State Superintendent, Division of Accountability and Assessment, to brief the Board on the results of the 2012 High School Assessment (HSA) and graduation results.

Dr. Wood discussed the requirements for graduation for Maryland students. She provided data in the form of charts and graphs depicting enrollment, completers and non-completers broken down by subgroups and service groups. She provided data on cohort graduation rates by service and subgroups for the 2010 and 2011 school years. Dr. Wood also provided information on cohort drop-out rates by subgroups and service groups for the 2010 and 2011 school years.
In response to a question by Ms. Staton, Mr. Robert Murphy, Specialist, School Completion and Alternative Programs, said that students drop out for the following reasons:

1. Lack of interest
2. Whereabouts unknown
3. Academics (student is behind academically)

In response to a question by Mr. DeGraffenreidt, Mr. Murphy said that local education agencies (LEAs) have a Drop-Out Resource Guide produced by the MSDE to help with drop-out prevention and that an evaluation is being completed in 2013 on this subject. He discussed the various avenues that are being pursued to reduce drop-out rates in schools and explained that the most important aspect of drop-out prevention is intervention.

Dr. Lowery said that the Department will be using data from the School Performance Index to address drop-out prevention in the schools.

In response to a concern expressed by Dr. Walks about “whereabouts unknown,” Mr. Murphy said that LEAs do search for students but that there are many transient families in Maryland.

Ms. Sidhu noted the need for teacher surveys to elicit more information on students who are possible drop-outs and ways to prevent this.

Dr. Lowery said that the completion of the Maryland Longitudinal Data System (MLDS) will provide more interactive data in this area.

In response to a question by Mr. Naved, Dr. Wood said that the data provided is by school rather than by LEA. Mr. Naved requested data by LEA and Mr. DeGraffenreidt suggested that a national comparison would be helpful as well. Dr. Lowery said that Board member questions will be given further study and responses to those questions provided at a future meeting.

Dr. Wood also noted that the new Student ID System will provide more information as well. She discussed setting accountability targets and provided a School Progress “Cells” Chart broken down by subgroups for English, Algebra/Data Analysis, and graduation.

In response to a question by Dr. Gates about communication, Dr. Wood said that MSDE staff work with local accountability coordinators and communicate via the website to help schools with these issues. Dr. Lowery said, “This is a work in progress.”

**COMAR 13A.07.10 (NEW) COMPREHENSIVE PRINCIPAL INDUCTION PROGRAM - PERMISSION TO PUBLISH**

The Superintendent called on Dr. Jim Foran, Assistant State Superintendent for Academic Reform and Innovation, and Mary Cary, Assistant State Superintendent in Instruction, to discuss the proposed regulations establishing a Comprehensive Principal Induction Program.
Ms. Cary said that this Program is intended to ensure support similar to that provided for teachers through the Teacher Induction Program and that a conference call was conducted with local superintendents to discuss the new proposed program.

Dr. Foran discussed the work being done on principal effectiveness and noted that this mandate will require each LEA to have a Comprehensive Principal Induction Program. He reported that several LEAs do not have this type of program at the present time.

Upon motion by Mr. DeGraffenreidt, seconded by Mr. Smith, and with unanimous agreement, the Board granted permission to publish this regulation proposal. (In Favor – 10)

**COMAR 13A.01.05.07 & .08 PAYMENT OF TRANSCRIPT FEES**

Ms. Kameen explained that current Board Regulation requires the Department to pay the cost of transcripts prepared for all appeal cases that the Board refers to the Office of Administrative Hearings (OAH) for evidentiary hearings. She explained that there is no statute that mandates that a State agency pay these costs. She noted that following publication of the proposed revision, the Maryland State Education Agency (MSEA) provided comments. Ms. Kameen addressed the concerns of the MSEA and asked for approval of COMAR 13A.01.05.07 & .08 Payment of Transcript Fees.

Upon motion by Ms. Staton, seconded by Mr. DeGraffenreidt, the Board adopted the regulatory proposal. (In Favor – 9; Ms. Sidhu opposed)

**TECHNOLOGY EDUCATION WAIVER REQUEST**

Dr. Lowery introduced Kathryn Oliver, Assistant State Superintendent, Division of Career and College Readiness, to brief the Board on a waiver request from Calvert County Public Schools for its Instructional Program in Technology Education.

Ms. Oliver explained that in 2005 major changes took place in the Technology Education Program for Maryland schools. She said that Calvert County Public Schools has requested a two-year waiver of the requirement to provide this program in its schools. She noted that, with help from the MSDE, Calvert schools will be able to provide these programs in one year and requested a one-year waiver.

Upon motion by Ms. Staton, seconded by Mr. Smith, and with unanimous agreement, the Board granted a one-year waiver to Calvert County Public Schools for its Instructional Program in Technology Education. (In Favor – 10)

**STATE SUPERINTENDENT'S REPORT**

Dr. Lowery acknowledged the diligence of several staff members who worked with the Maryland Emergency Management Agency throughout the recent hurricane event.
She reported that over the next two days she will be attending the Superintendents’ Annual Retreat in Ocean City, Maryland, which will include discussions on the School Progress Index and the new Teacher/Principal Evaluation Models.

The Superintendent also asked staff members to update the Board on the status of the Task Force on Traumatic Head Injuries. Chairs, Ned Sparks and Alicia Mezu, discussed the makeup of the Task Force on Traumatic Head Injuries and the progress to date, noting that the Board will receive a full Report in January, 2013.

**BOARD MEMBER UPDATES**

Mr. Smith reported that he attended the National Association of State Boards of Education (NASBE) Conference along with Mr. South and Ms. Sidhu. He said the meeting focused on leadership development and reported that he is on the Government Affairs Committee which is looking at trends in education.

Dr. Gates noted that he has been speaking to groups throughout the country on Science, Technology, Engineering and Mathematics (STEM) Education.

Dr. Finan reported that she attended a conference on Science Education which focused on the next generation of Science Standards.

Ms. Sidhu distributed a new NASBE report entitled, *Born in Another Time*.

Ms. Inegbenebor reported that she attended a meeting on bullying and offered to provide Board members with ideas on the topic.

Dr. Dukes explained that she and Dr. Finan are working with the Council of State Governments on tackling issues of school discipline. She said the group is working to create national recommendations on school discipline.
