Introduction

This report contains data on the number of suspension incidents in each local school system and school during the 2007-08 school year. The data have been disaggregated by gender and race. The counts of suspension incidents for students with disabilities are also reported. Student suspension data are available for reporting by Out-of-School Suspensions, In-School Suspensions, and Combined In-School and Out-of-School Suspensions.

If there were no suspensions for a particular characteristic within a school, then the characteristic is omitted from this report for the school. If there were no suspensions reported for a school, then the school is excluded from this report.

In addition, the identification of persistently dangerous schools cannot be determined based solely on these data.
